

KULIM (MALAYSIA) BERHAD

ENVIRONMENTAL POLICY

KULIM believes in the goal of Sustainable Development as the cornerstone of our business policy. As good corporate citizens, we are responsible in protect the environment during the course of our business operations.

We are committed to the creation through team effort of a quality environment as a key factor in the continuous success of our oil palm and bio-compost production business. To work towards developing a balance between environmental conservation and business objectives, we shall:

- ❖ Adhere to and comply with all relevant environmental legislations of the country in which we operate.
- ❖ Strive for continual improvement in our environmental performance
- ❖ Review, adopt and implement Good Management Practices currently established in the industry.
- ❖ Plan, assess and take judicious actions to alleviate any potential negative impacts on the environment and local community with respect to any new development.
- ❖ Undertake to communicate our Environmental Policy to all stakeholders and educate our employees to practice and uphold our business commitment on caring for the environment.
- ❖ Adopt and practice the Guided Self Regulation through implementation of Environmental Mainstreaming Tools in our operation.
- ❖ Adopt and implement the principles of Reduction, Reuse and Recycle in all matters pertaining to the use of resources and to pollution elimination.
- ❖ Continue to enhance the knowledge and skill for employees by briefing, training and exposure to relevant new technology with respect to any new improvement or development of the industry (effluent treatment and or plant improvement)
- ❖ Continue to explore and implement cost effective technology in environmental management practices.
- ❖ Monitor and report to the Board of Directors on the implementation of this Environmental Policy, and the achievement of environmental objectives and targets.
